WORK EXPERIENCE

NetApp

Member of Technical Staff

08/2022 - Present

Achievements/Tasks

- GenAI/RAG tooling: built practical day-to-day tools—JIRA analysis tool, SSH triage tool, and CIT analysis tool; team's AI Champion; local POC for GenAI issues, Copilot/VSCode and GitHub EAP; shared patterns/demos/best practices to accelerate onboarding, reviews, and debugging.
- Worked on AIDE (NetApp's flagship AI product) and implemented mTLS end to end.
- Worked on a solution for implementing dynamic authorization using different authentication methods.
- Worked on a solution to implement WebAuthn protocol for ONTAP, this was a hackathon idea of mine which got productized.
- Currently working as a ktls developer responsible for managing ktls infrastructure for ONTAP

VMware

Member of Technical Staff

01/2021 - 08/2022

Bangalore

Achievements/Tasks

- Working On VSA(VMware Smart Assurance) NCM(Network Configuration Manager) customer issues and features.
- Multiple recognition awards for delivering top-quality work to customers from peers, management, and customer.

Cisco

Software Developer

12/2016 - 12/2020

Bangalore

Achievements/Tasks

- Worked on DHCP(v4 and v6) and PBR(Policy Based Routing) bugs and features for IOS-XE(Polaris OS) which runs on various switches and routers such as CAT9k series and ASR series.
- Asymmetric lease implementation for DHCPv6 Relay which allows short lease grants to clients.
- Worked as a Red Badge(Scarlet Wireless, Dec, 16 - August, 18) and was front-ending the security for my component from India, handled multiple Customer Escalations during the tenure, fixed many bugs.

Nestaway Technologies

Software Developer Intern

01/2016 - 04/2016

Bangalore

Nestaway is an online aggregator of fully furnished rooms and flats for rent.

Achievements/Tasks

- Scheduled Visits Count**-> It shows the count of 'Schedule a Visit' for any House.
- Invoices Merging and Paying**-> Tenants can pay their Pending Amounts by merging all invoices.

EDUCATION

B.E in Computer Science & Engineering

The National Institute of Engineering, Mysore

08/2012 - 06/2016

CGPA - 8.80

SKILLS

PROJECTS

Passkeys for ONTAP

- Introduced passkeys as part of hackathon for ONTAP which acts as an extra authentication method which is much more simpler and secure than passwords.

Ontap ChatBot

- An AI powered chatbot which helps ONTAP storage administrator with commands that can be configure on ONTAP filer without going through tedious documentation. Idea was presented as part of NetApp AI hackathon.

Leaked Password Service

- A service which helps to detect leaked passwords of users which helps in mitigating stolen credentials related attacks.

Reckoner Bot for Cisco Spark(Now Cisco Webex Teams)

- A Computational Engine bot prepared to interact with users and help them in doing computations and several search based results. Also, it is integrated with Wikipedia to give specific results.

ACHIEVEMENTS

Got converted from Red badge(Contractor) to Blue badge(Full time) in Cisco based on performance over my tenure while working for Cisco.

Received multiple connected recognitions from peers and management for various deliverables during my tenure at Cisco.

Received multiple SPOT awards for innovation and day-to-day tasks at NetApp.

Won various Chess and Cricket tournaments.
